

There is a difference in Cremation Providers...

The Cumby Difference

Cumby Family Funeral Service is the only funeral service provider in High Point, Archdale-Trinity, and Thomasville that owns and operates its own crematory. By having our own onsite crematory, we control the whole process from start to finish, and your loved one will NEVER leave our care.

Unfortunately, most funeral homes in the area outsource cremation to third party providers. What this means is that your loved one will be dropped off at an offsite crematory for the cremation, and then your loved one's cremated remains will be delivered back to the funeral home within a few days. The funeral home loses all control of the cremation process when this happens, and at Cumby Family Funeral Service, we find this practice to be unacceptable.

Our arrangement rooms are open and with no hidden cost. With Cumby Family Funeral Service, you can be assured that you will be informed of all options available to your family.

Our cremations take place at our Life Tribute Center in High Point, which is a comfortable place for a family gathering to honor your loved one.

Many people offer cremation, but very few do it with the integrity, security, and compassion of Cumby Family Funeral Service.

Meet Our Licensed Cremation Staff.

Jerry Hawks – Care Center Coordinator and Cremation Supervisor

Michael Cumby – Licensed Funeral Director, Crematory Technician, and active board member on the Cremation Association of North Carolina

Amanda Kaluzny – Licensed Funeral Service Professional and Crematory Technician

John Hernandez – Licensed Funeral Service Professional and Crematory Technician

So How is Cumby Family Funeral Service Different?

- Your loved one will be transferred from the place of death by a member of our staff. We never use third party or outside transportation services.
- All of our cremations are performed by licensed funeral directors and crematory technicians.
- Once at our funeral home, your loved one will never leave our care.
- We will never charge you to view the cremation process. In fact, you can even participate in starting the cremation process from our family area.
- We have a comfortable cremation viewing area where you and your family can have a service or committal ceremony before the cremation process begins.
- Because your loved one is always with us, you can rest assured that our rigorous security procedures will eliminate the possibility of misplacing your loved one's cremated remains.

Our Life Tribute Center is the first of its kind in the area, serving as a place where people can celebrate the legacy of their loved one in a casual environment.

Many families choose to have a reception in our Life Tribute Center, before or after the memorial service, or during the visitation.
